August 23rd, 2010

Dear Community Members:

***We're changing to serve you better!***

Thank you for your ongoing support and continued interest in our Employment Resource Centre.

Effective August 1<sup>st</sup>, 2010, Employment Ontario introduced a new "Employment Service Delivery Model" to make it easier for job seekers to find and access employment training and services. These changes will result in more access points in many of the city's formerly underserved communities and they will also make it easier for job seekers to find and use services based on individual needs and interests at one location.

During this transition, the Employment Resource Centre will undergo renovations, closing its doors and relocating its services. As of **Monday, August 16<sup>th</sup>**, temporary Resource and Information services were set-up on the second floor to continue to serve you. Once renovations are completed in late November these services will return to the first floor in a new renovated space with new computers.

Please note that during the renovation period that our workshop schedule, guest speaker series, resource area and computer lab will be modified and reduced slightly. We apologize for any inconvenience this may cause.

St. Stephen's Community House and the Toronto Employment Service Delivery Network remain dedicated to providing you with the best employment services possible in Toronto. We encourage you to contact us at our Employment and Training Centre at 416-531-4631, your closest Employment Ontario Service Provider, or Employment Ontario at <http://www.edu.gov.on.ca/eng/tcu/employmentontario/> or 1-800-387-5656.

Thank you again for your continued support, patience and interest as we enhance our services.

Yours truly,

Randy Heasman  
Director, Employment and Training Services
